## By-law # 14-206

---

A By-law to provide for the distribution of water within the Village of Teslin.

**WHEREAS** Section 263 (1) – (7) of the Municipal Act, the Council of a municipality may by by-law provide for the establishment and use of a water distribution system for supplying water for any and all purposes to and for the inhabitants of the municipality, or to and for the inhabitants of adjacent localities.

**WHEREAS** Section 264 of the Municipal Act, the Council operating and maintaining a water distribution system may by by-law fix the rates, terms and conditions under which water may be supplied and used.

**NOW THEREFORE**, the Council of the Village of Teslin, in open meeting duly assembled, enacts as follows:

1. This By-law may be cited as the “Water Distribution By-law”.
2. In this By-law and in the schedules attached hereto, unless the context otherwise requires:
  - A. “Consumer” means any person or business who receives water delivery service.
  - B. “Owner” means an owner of real property and includes a person having any rights, title, estate, or interest in real property other than that of occupant or mortgagee.
  - C. “Premises” means any dwelling unit or commercial enterprise that receives water delivery service.
  - D. “Radius” means two kilometers outside of municipal boundaries.
  - E. “Service” means water delivery service.
  - F. “Staff” means the employee of the Village of the Village of Teslin or their authorized representative.

  - D. Any water system without NSF 61 material that was installed before the final passing of this bylaw will be grandfathered until changes or upgrades to that system are needed. Or by order of the Village of Teslin
5. The Village of Teslin will not deliver water to a premise that does not have an exterior filler pipe and an overflow system as specified in this By-Law
6. The Consumer should ensure water tank is designed to contain potable water, show no signs of leakage, deformation or surface cracking. The tank shall be designed to withstand pressure induced from filling with no visible deformation, rupture, or leakage, and shall have an access hatch or manhole to provide entry for cleaning and inspection to comply with the health requirements as determined by the Medical Health Officer.
7. Should the water storage container, overflow pipe, filler pipe or warning device be found to be defective, a notice in writing to that effect shall be either mailed to the consumer and/or owner, or a notice will be posted on the door of the residence. If any defect of which notice is given is not remedied within the specified time limit, the Village may discontinue service until such time as the defect is remedied.

8. Existing installations not complying with Clause 4 of this By-law may remain until replacement becomes necessary. All new installations must conform to this By-law.
9.
  - A. The rates to be charged and paid by all consumers under the provisions of this By-law shall be set forth in Schedule "A" attached hereto.
  - B. The owner/consumer of real property shall be liable for all rates and charges under the By-law.
  - C. All rates and charges for water delivery service shall be due and payable within 30 days of the date of the statement.
10. In the event of default of payment of water charges in excess of 60 days, the Village may discontinue water delivery to the premises in respect of which the charges are overdue, and may determine not to commence the service to such premises until such time as all arrears are paid in full.
11. The owner or occupant of any premises that applies for water service shall pay to the Village a Security Deposit as provided for in Schedule "A" attached hereto.
12. This By-law shall come into full force and effect upon third reading thereof.
13. By-law # 12-191 is hereby repealed.
