10. NEW AND UNFINISHED BUSINESS

10.1 Force Main Sewer Project

CAO advised that the sewage spill last Thursday was the result of a faulty valve. Quest has indicated that they did not spec the correct valve and costs associated with the cleanup would be their expense.

MRIF coordinator indicated our project addition had been approved – indicated that approval was subject to using the formal tendering process.

Council would like TTC to join CAO on conference call to discuss this with MRIF committee to discuss options on getting this completed.

10.2 Ambulance

CAO to bring proposal to next meeting on how we can effectively coordinate all emergency services utilizing one local individual to oversee all services. Suggestion is that we see if the Territorial Government is willing work with us to resolve this issue.

10.3 Recreation

Councillor Smarch indicated that some citizens have concerns with the recreation program. CAO provided schedules for further review and comment.
